March 2, 2011

GETTING OUT THE VOTE FOR THE BAY OF FUNDY

OTTAWA, ON – Today Greg Kerr, Member of Parliament for West Nova, made a statement in the House of Commons as part of an ongoing effort to get out the vote for the Bay of Fundy in its running to become one of the New7Wonders of Nature.

“Mr. Speaker,

As I said in the House last April, the Bay of Fundy is the only Canadian contestant left on the international stage of 28 finalists to become one of the New Seven Wonders of Nature.

The Bay is going head to head with renowned sites such as the Grand Canyon and the Amazon, but with enough votes, we will win.

Until recently, votes were only accepted online. Now people can vote as many times as they want from a mobile phone, by texting the word “FUNDY” to 77077. Each text vote costs \$0.25 and will count as one vote for the Bay.

As Terri McCulloch from Bay of Fundy Tourism has said, if everyone spent a dollar and voted four times, the Bay would have a terrific chance on the world stage.

I am once again asking all Members of the House to support this initiative and to encourage their constituents to vote for the Bay online and by text.

Voting will continue until the contest’s conclusion in November.

Mr. Speaker, voting for the Bay is voting for Canada.”
